We are independently owned and operated and have our own crematory on our premises. Our independent family ownership makes us accountable to the families we assist and responsible for services we provide. Proudly, we provide straight talk, ethical service with affordable fees.

We provide all the same services that are provided by other funeral homes; from a Simple Cremation to a Memorial Tribute or a Graveside Tribute or a full Traditional Funeral Tribute with viewing and burial. Our funeral home does not have a chapel on premise. Funeral or memorial services can be held in your church, or a church that we arrange for you or a non-denominational venue. Memorial tributes may also be held in your home, your apartment or condominium common room or clubhouse, a community hall, as well as many restaurants and golf and country clubs. Most offer convenient reception facilities at less than the cost at most funeral homes.

By designing our facility without a chapel we are able to keep our expenses lower. Lower overhead expenses enable us to provide more affordable services for you. Our fee structure is designed so that you only pay for services that you have requested. We don't factor in fees for items or services you don't need or use.

We can conduct our initial arrangement conference in the security and comfort of your own home, usually around your kitchen or dining room table, or you can come to us. Home arrangements give you the security of making difficult decisions in your own comfortable environment and alleviates the need for you to visit a funeral home and the commercial pressures found within them.

Our goal is to provide our services the old fashioned way. "To serve others as we ourselves would like to be served" and to provide affordable, professional service without compromising the dignity of the deceased or the dignity of those left behind.

Wiebe & Jeske Burial and Cremation Care Providers Ltd. is registered as a Full Service Provider pursuant to the Cremation, Interment and Funeral Service Act with the Business Practices and Consumer Protection Authority of BC.
