Wiebe and Jeske Funeral Home Staff send our condolences to family and friends.

### **Tribute from Robert Randall**

Relation: Art was one of my instructors during recurrent pilot training.

Art was a fabulous instructor and mentor, and the highest, best example of what a man should be. I enjoyed his knowledge, countenance, and camaraderie for many years as one of his students at Canadian Airlines. May he rest in peace.

### **Tribute from Wayne Giesbrecht**

Relation: acquaintance & friend

My condolences to you, Art's family. I well remember Art and I hanging around Skyways at the airport, both single, wanting to fly more than we could afford! Art went on to the career he had in aviation, my flying only a hobby! I lost my wife to cancer about 3 years ago, so I understand somewhat, your loss. May you all have the comfort of God's holy spirit at this time, and always! Wayne

### **Tribute from Jeff Dittmer**

Relation: Former Neighbour

Having been neighbours with the Froese Family in Mt. Lehman I spent several high school summer's working on their cedar tree farm, as an aspiring pilot I took every spare moment on the job pestering Art for career and aviating advice - he so patiently answered every question during his hard earned breaktime. One evening Art called and offered an opportunity for me to have a few minutes in a 737 simulator with his son, Steve. It remains an incredible memory for me and was a career defining moment as a 14 year old highschool kid. I am forever grateful for the time, effort and kindness he afforded me.

My most sincere condolences in his passing.
