

REMEMBERING
Earl Simpson

October 5, 1930 - April 17, 2015

Earl died at the Abbotsford hospital. Thank you to all the kind care givers there. He leaves his dear wife Eleanor, daughters Deborah and Laurie, his (late) son Daniel, step children Sean, Mark, Heather, and Erin, as well as many other family members and friends in Canada and the US.

Earl worked for many years for the Federal Government. As an avid musician, he lent his skills as choir director and saxophone player to many ensembles throughout his life. Earl was also a supporter of Christian ministries that support less fortunate children abroad.

Rest in peace Earl. May the Lord bless you all!

John 14.
