### **Tribute from Gordon and Dorothy DeLong**

Relation: Next door neighbour

We send our prayers and condolences to all of Elsa's family and to all those she has touched with her love( pretty much everybody she has met).We got to see her love, first hand, by being her next door neighbour for the last 3 and half years. She was such a giving person. We have benefited, several times , from her impromptu and unexpected invitations , to join her with other neighbours, to share meals with her( pre Covid). This past Easter , we were all home keeping socially distanced. She, with Lauren 's help, called her neighbours to gather in front of her's and our garages. So a bunch of us did this, keeping distanced by family and she she served us her traditional Easter Bread..

There are many more examples how she loved to reach out and welcome others. I know that she has received quite the welcome in Heaven.

Relation: My sister's best friend.

To Elsa's family and friends.

I never met the dear lady, but did speak to her on the phone a few times and she struck me as a wonderfully nice woman.

I am also fully aware of the great friendship she gave my sister Lauren which was really appreciated by me.

Please accept my heartfelt condolences for her passing, and know that a far-away stranger also shares in this loss.

Smile when you think of her and always remember the joy she gave you over the years.

Sincerely,  
Cal McCloud

**Tribute from Agnes Penner**

Relation: her first cousin

I will miss our cousin lunches and visits with Elsa - they were often at her place - she always had a spread for us. We enjoyed her stories and love for life. I especially enjoyed seeing her beautiful geraniums on the patio - reminded me of our mother's love of flowers. The family will miss her so much.

**Tribute from Lauren McCloud**

Relation: Friend & neighbour

To the Tielmann family:

Over the last two years Elsa and I became best friends. Aside from my own mom, I have never had as true a friend. Elsa was genuine, loving, and accepting - truly an exceptional woman in every way. She was someone I looked up to and admired greatly, for she didn't just talk the talk, she walked the walk.

I admired how Elsa held true to her core values and would not compromise them. I learned much from Elsa, and just being her friend made me a better person.

I cannot adequately express my deep sorrow for your loss. As much as I miss my friend, I know that you will miss her more.

Elsa, it has been my pleasure and my privilege to call you "friend". I can only hope that you know how much I loved you, and still do. Rest well my friend.

Until we meet again,

Lauren.

Relation: friend of the family

I am so sorry to hear of the loss of your mom/gramma/oma/great gram. I did not know her very well but noticed that she always had a happy smile when I saw her at APA. I hear she was an amazing cook as well. I know you will miss her very much but with your hope in Jesus you know that you will see her again. Thank the Lord for the peace and comfort he gives us in a time line this. May that be your experience in the coming days.
