Relation: Parent of children

Please accept my condolences, Freya had an amazing impact on my two childrens lives. Every Mother prays for her children to have that "special" person in their lives that will influence and guide their children in ways that they are not able to. Frey did that for my children. There are no word to express just how she affected all of our lives and I want to Thank you Frey for being in my children's lives. You are loved and will be missed.

Tribute from betty larmer

Relation: friend

I have just learned of Freya s passing. She was such a wonderful person she will be missed. I have such wonderful memories. Our days in T.O. such fun and our wonderful talks since. She was just alwalys there, so encouring, suportative, caring and loving and never judgmental. Always found the good in every thing always. Her love for her family always filled me with joy. I am so sorry for you loss. We were all so lucky to have known her. She is now needed somewhere else, are they so lucky or what....

Poem: I am standing upon the seashore. A ship at my side spreads her white sails to the morning brees and starts for the blue ocean. She is an objest of beauty and strength and I stand and watch her until at length she hangs like a speck of shite cloud just where the sea and the sky come to mingle with each other.
Then someone at my side says, There! Sheès gone! Gone from my sight, that is all. She is just as large in mast and hull and spar as she was when she left my side, and she is just as able to bear her load of living weight to her destined port.
Her diminished size is in me, not in her. And just at the moment when someone at my side says, There! She s gone! there are other eyes watching her coming, and other voices ready to take up the glad shout. There she comes! And that is dying.

All the best Ted, Stephen and J.D.
