

REMEMBERING
Janice Elaine Redekopp
December 23, 1967 - May 8, 2022

Janice Elaine Redekopp passed away peacefully at Menno Hospital in Abbotsford, BC on 8 May 2022.

Janice is predeceased by her parents, Dick and Nina Redekopp. Left to cherish her memory are her siblings and their families, Esther, Raoul and Takara Odendaal, Camille, Richard, Norman and Sean Spencer, and Howard Redekopp and his wife Gayle Kosh. She is lovingly remembered by friends and extended family in many countries as well as staff at Menno Hospital.

Janice was born on 23 December 1967 in Johannesburg, South Africa. She graduated from Rift Valley Academy in Kenya in 1985 and proudly graduated from UBC with a BA in Social Sciences in 1989.

Janice will forever be remembered for her vivacity, her impish sense of humour, her curious and adventurous spirit, her courage, her tenacity, and her gorgeous copper curls. She was a loyal friend who encouraged and motivated, inspired and uplifted many people of diverse ethnicity and culture.

In December of 1991, at the young age of 24, Janice suffered a massive infection and complications led her to become the youngest and longest resident at Menno Hospital where she continued to shine her special light.

There will be a quiet interment at noon on 9 June 2022 where her siblings will lovingly lay the body that limited her to rest. Her beautiful spirit is free at last.
