Dear Eloise

I just read and was shocked to hear of Karl's death. We spoke just such a short time ago and your life has changed dramatically.

May your family and memories comfort you at this time.

Tribute from Danny and Louise Evans

Relation: Friends

Time to reflect on a good man's life. Eloise and Karl became special friends with the Hill and Evans family through their meeting at Simpson's manner. Karl was a special man.

All the best at this time to honour Karl and his family.

Dear Eloise and family,

My heartfelt condolences to you at this sad time. Karl was a wonderful, kind person with many great stories to tell of his years passed. I am so lucky to have known him. I bet he is at his "office" right now having a great time. You will be missed.

Tribute from Karen Mullen

Relation: Fisheries business

To the family: I only just found out about Karl's death and I am so very sorry. I knew him as I was the federal DFO person who did the certification sampling twice a year at Spring Valley Trout Hatchery for many years. We had some very interesting discussions about government regulations! He also knew

my Dad who was Instrument foreman at Harmac and they would talk about fishing when Karl went to the mill with his engineering job. I so very much respected Karl and so did my Dad. The work he did with his fish was amazing with his selective breeding to have spawning almost year-round. Far more than any scientists I have known has done. Please take care.
